

# February 2017 Photo Album

February was a fun month! We started the new school year, hosted a dental team from Texas, celebrated Valentine's Day and got some great work done on our local waste water treatment plant. We are so thankful to God's faithfulness to this ministry. Although this fallen world brings daily trials, we continue to move forward and trust in the Lord.

# 1st Day of School

The fact that these boys are in school is a MIRACLE. We're so thankful that God has provided us with the means to offer them education. Even our newest guy Eduar is learning how to read!

# Dental Outreach

We felt so blessed by this group of dedicated servants who have been coming to offer care to the Micah family and residents of the Villa Linda Miller for over 16 years! What a gift! Thank you all so much for your faithful work and friendship.

# Be My Valentine...

We had so much fun on Valentine's Day, known in Honduras as the day of "love and friendship." To celebrate, we invited some elderly members of our community to the Micah house for a party! The boys did a great job hosting and spreading joy.

# Water Treatment Plant

Tim Gunderman and Maureen Evans are the main promoters and donors helping rebuild the sewage treatment plant that serves the Villa Linda Miller and us here at Micah. We loved having a them visit one afternoon!

# Life at Micah

February brought lots of fun memories, like celebrating our newest guy Eduar's birthday! Eduar is Luisito's brother, and we're so thankful to have him here in the Micah house.

Through fun times, we also faced trials. Unfortunately, Axel Josue (far right) decided to move out of the Micah house. Please pray that he'll start making healthy choices and soon be able to leave life on the streets behind.
